

College of Southern Nevada and Arizona State University Partner to Offer College Students Transfer Pathways with MyPath2ASU™ Collaboration

November 7, 2022- The College of Southern Nevada is pleased to announce a new alliance with Arizona State University to provide students a seamless transfer experience with the MyPath2ASU program. The program allows students to plan for the steps needed to transfer at the start of their college experience and plan their transfer to ASU, ensuring a smooth transition process and supporting student success.

MyPath2ASU™ is a set of customized tools available to transfer students. These tools ensure a seamless transfer experience to ASU after earning credits or an associate degree from a U.S. community college or university and shortening the time to degree completion.

“We are proud to work with Arizona State University to offer pathways for our students to continue to pursue their goals in higher education. Offering a seamless transfer experience is central to our mission to empower our students and communities to achieve, succeed and prosper,” said CSN President Dr. Federico Zaragoza.

Through this partnership, students will have access to personalized benefits to help them navigate the transfer experience, to include:

- End-to-end learner navigation through course-by-course guided pathways
- Ensure course applicability by assisting students with taking courses that apply to their associate and ASU bachelor’s degree
- Guaranteed general admission to ASU and admission into MyPath2ASU™ major choice if all requirements are satisfied; Some majors have additional or higher admission requirements
- More than 400 course-by-course guided pathways ASU degree programs

ASU and the College of Southern Nevada will work collaboratively to promote educational degree pathways containing ground and online course offerings. These pathways will ensure their courses are applicable toward their degree in their chosen major and minimize credit loss.
